

REV-4 48 VOLT

STANDARD

TECHNOLOGY FOR PLASTER FINISH

Caratteristiche

Lavorazione fino: 60 m²/h - Lavorazione graffiato: 60 m²/h - Lavorazione grezzo: 50 m²/h
Lavorazione premiscelati: 50 m²/h - Raschiatura e carteggiatura tinte: 40 m²/h.

Characteristics:

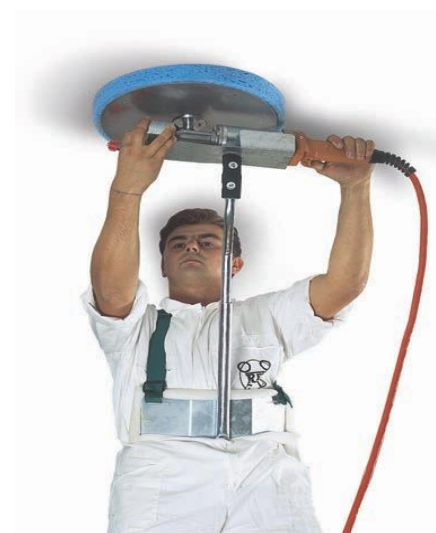

Fine plaster: 60 sq m/h - "Schratched" plaster: 60 sq m/h - Rough plaster: 50 sq m/h
Pre-mixed products: 50 sq m/h - Scraping and fine sanding of paints in general: 40 sq m/h.

Caracteristiques

Enduit fin: 60 m²/h - Eraflé: 60 m²/h - Enduit brut: 50 m²/h - Prémélangés en général: 50 m²/h
Raclage et passage au papier de verre de couleurs en général: 40 m²/h.

EIGENSCHAFTEN

Feinputze 60 m²/h - Normalputze 60 m²/h - Rohputze 50 m²/h - Vorgemischte Putze 50m²/h
Abschleifen und Absanden von farbigen Putzen 40 m²/h

OPTIONAL

DESCRIPTION OF THE MACHINE:

The electric FLOAT REV 4 single-phase DC, suitable for fine and coarse plaster, REV 4 can be adapted to all types of walls

It offers many advantages:

- Powerful and light
- No special training
- Speed
- significant yield

ACCESSORIES REV 4:

- o white sponge
- o Blue Sponge
- o Sponge maron
- o Transmission accessories
- o Centraline cable with motor 15 MT

OPTION:

A ceiling bracket
